CLASS SOLUTION**

TECHFINITI MiSCHOOL INTERACTIVE SMARTCLASS SOLUTION

We provide end to end SMARTCLASS SOLUTIONS to schools including hardware and content.

Our expertise spans installation and implementation of smartclass facilities that adhere to world class standards. Most smartclass environments fail due to the inability of teaching staff to catch up to the demands of technology.

At Bridge People, we believe that technology is an enabler and not a disruptive intervention. Our understanding of ground realities help us hand hold your school to transition into a technology enabled environment with minimal discomfort.

Wacom is the world leader in tablets for natural writing in a classroom environment with 95% market share. We help you bring to life a natural teaching style allowing teachers to write on the tablet as on pen and paper. The solution makes a digital learning environment very simple and easy to adopt by teachers, making adoption easier.

Solution Components

- Motorized remote control based projector screen
- Projector
- Wacom Tablet for Education - 21.5-inch screen
- Mini PC unit to be connected to Wacom Tablet for content storage
- Furniture Podium for Wacom (Optional)
- Speakers for classroom for high clarity addressing
- Microphone for teacher
- Mini UPS for use during power outages

The solution is very easy to maintain and requires minimal IT support from your network team. The solution is backed by our multi-year limited warranty program for all devices.

With a small power backup UPS, you can rest assured that the SmartClass environment works even during power outages. This ensures maximum return on investment with minimum downtime
